SCHOOLS TO OPEN FIRST OF OCTOBER

No Striking Change in the Yellow Fever Situation.

NEW ORLEANS EDITOR TALKS

He Declares that the Reports Sent Out from His City Have Been Greatly Colored—Quarantine Regulations Getting Better.

New Orleans, Sept. 23.—The weather continued to be fair here today.

There was no striking chainge in the fever situation. Reports of new cases were principally from old foci. The federal authorities continue to be optimistic, and believe that the fever will be practically whipped out before President Roosevelt arrives in the city.

Three negro universities are operated here—the Leland, the Straight and the New Orleans. Many of the members of the faculties are from the east and are now absent. Vice President Marks, of the Leland, received a letter today from President Perkins, who is in Boston, saying that it had been decided to postpone the opening of all three of the universities until November 1st.

Fumigators will be unusually busy next week. Oct. 1 is moving day, but many changes of residence will occur during the week, and the authorities are trying to secure the disinfection of as many houses as possible.

Schools to Open October 2.

Believing after a conferences with Dr. White that the fever situation is under control, President Wilson will recommend to the school board tonight that the public schools be opened on Oct. 2.

Each school is to be thoroughly disinfected at the end of each week. The school in the heart of the originally infected area will remain closed for a month perhaps.

The state health board officials, surveying the situation, believe that the fever is being overcome in the state and that while there will probably be cases for some time to come, there is no danger of a further serious extension of the plague.

For several days no new cases were reported at Leeville, where there are only 12 persons under treatment, some of the cases not being yellow fever.

The camps on Bayou Barataria are reported to be entirely free of fever. For many weeks one of the worst districts in the state lay along the Mississippi valley road, for a distance of about 40 miles from the city. Due to the liberal use of money and the strenuous exertion of the planters, the sickness in this section has been reduced to a handful of cases.

With one exception, during the past three days all the new cases at Tallulah are of negroes, and the situation there is very greatly improved in the Nachtoches parish, where the disease was not for a long time recognized, and it is now announced that there have been a total of ten case sand four deaths.

In the town of Natchitoches, health officer, Mr. Hargrove, has been stricken with serious fever. He has been active among the cases at Bayou Natches.

All the cases at Donaldsonville have been discharged as cured and at Fort Barrow, near there, no new cases are reported. Several are under treatment in the Emergency hospital.

Quarantine Situation Better.

The quarantine situation is improving. Local shippers have been notified that dry goods and other freight will be received at all points in Louisiana on the Kansas City Southern via Lake Charles, and the Louisiana Railway and Navigation company anounces that quarantines have been raised against dry goods along its route in Avoyells Rapides, Winn and Natchitoches parishes, and the Arkansas Southern will take freight from all points in Louisiana. There is also an [illegible] traffic, many [illegible] however, and [illegible] again in a short time.

[illegible] their [illegible] to have the [illegible] a reasonable length [illegible] carpenters will be put [illegible] White's C[illegible]

Reports Have Been Colored.

New York, Sept. 23.—In an interview Thomas G. Rapier, manager of the New Orleans Picayune, who is in this city for a few days, said yesterday that the reports regarding yellow fever in New Orleans have been slightly colored, many of them being the work of irresponsible correspondents.

"The stories about great panics among the people of the city, flight of thousands, amounting to almost depopulation; complete stagnation of business; extreme filthiness of the streets and the concealment of the existence of yellow fever, are grossly exaggerated," he said. "While such ridiculous tales as the burial of dead at night, yellow fever flags on every square, stoppage of street car service and the and the discovery of a cow stabled in the sleeping and living apartment of a large family on the third floor, are absolutely without the slightest foundation in fact.

"Business has been hurt, of course, but not to the great extent that is supposed. The retail business has suffered from absence of more people than usual, and the great economy of those who remain who have postponed purchases, waiting to be assured that the fever could not develop into a serious epidemic. Wholesale trade is crippled because drummers cannot travel, and also because some country dealers utilized existing conditions to sell out old stocks. Nevertheless, wholesale grocers and merchants in some other lines are doing fully as well as last year, and shipping to nearly all points tributary to New Orleans."

New Cases at Pensacola.

Mobile, Ala., Sept. 23.—A special to the Item from Pensacola, Fla., says:

One death resulted this morning from yellow fever, this being the tenth fatal case since the fever was reported in Pensacola. The deceased was J. L. Williams, who had been sick of lung trouble some months, but whose illness terminated, as the doctors reported this morning, of yellow fever. Williams resided at 416 East Main street. There is another case in the same house.

The six new cases made in the morning report were the same as reported last night, although not officially bulletined until this morning.

The city council held a meeting this afternoon and passed an ordinance regulating the fumigation feature of health matters. This is on account of opposition by citizens last night relative to the fumigation of the residences where no fever existed.

Solitary Peace Jubilee.

Tokio, Sept. 22.—12:30 p. m.—A solitary instance of public rejoicing at the conclusion of peace with Russia will take place at a meeting to be held today at Kotaka, a town in the remote northeast corner of the main island of Nippon. Several industrial associations will be represented on the occasion, among which will be prominent Habutai producers. Messages of congratulations will be forwarded by those present at the meeting to the emperor of Japan, to Field Marshal Oyama, Vice Admiral Togo and to President Roosevelt.

South Carolinan Granted Bail.

Newberry, S. C., Sept. 23.—Bail in the sum of $3,000 has been granted Senator Eugene S. Blease, by Associate Justice Gary. The hearing was had in Abbeville. Messrs. G. C. Wheeler, J. B. Davis and J. F. Rutherford signed the bond immediately and Mr. Blease was released from jail. Senator Blease shot and killed Mr. Joe Ben Coleman, a prominent citizent of Caluda, about a week ago, the alleged cause of the tragedy being undue intimacy between Coleman and Mrs. Blease.

Coalition Leaders See King.

Budapest, Hungary, Sept. 22.—The audience which the coalition leaders will have of the king-emperor tomorrow, is regarded most hopefully, and there is widespread expectation that the compromise proposals which will be submitted by Count Julius and Raesick, Franc Kossuth, Baron Banffy and Count Zichy, will lead to a set[illegible] the formulation of a

CITY OWNERSHIP IS DISCUSSED

Tax-Payer Dissects Reports of the Jacksonville Board.

ALTOGETHER A BAD SHOWING

Plant Not a Paying Investment According to His Statement—A Timely Article Upon Timely Subject—Read and Ponder Well Before Voting.

Editor Gainesville Sun: At this time, when municipal ownership versus private corporations is the much discussed topic throughout the land, and right now is before the people of Gainesville in the form of balloting for or against the issuing of $115,000 in bonds for municipal ownership of an electric light and gas plant, the construction of a sewerage system, etc., the publication last Sunday of the article upon this subject taken from the August number of "Service," published in Denver, Colorado, was most seasonable, and leads a person interested financially to inquire further into this subject. Quoting from this article: "There are very few questions which have only one side. Don't be too cocksure you have the final solution. Importance attaches to the subject at this time because it is now, and will be for some time, the cry of the political partisan in the local affairs." Admitting for argument's sake that there are no political partisans advocating municipal ownership in Gainesville, then comes another series of quotations from this article which must be seriously considered: "These are the real questions: Can a city operate the utility industries and *save money* to the people *individually* and to the *municipal corporation?* Has it a *right* to engage in business in competition with its citizens, or to their exclusion as individuals or as a corporation?" Now to these I wish to add for myself what I consider a most important query and one which may have a very strong legal bearing in this matter of bond issue.

What right has a non-property owner to cast a ballot which may add to the taxation of the man who, owning a small home, finds it already hard enough to meet his expenses with the sum he earns by the sweat of his brow? Such a man looks at the subject in but one light, that of what he is liable to secure by municipal ownership, and cares nothing about the cost to the taxpayer. Taking up the single matter of municipal ownership of electric light and gas plants, which is of interest to Gainesville people right now, Charles T. Yerkes, one of the great financiers of the day, says that "Chicago claims to produce electric arc lamps at about $60 per arc per year, with her municipal plant, but this is far from the actual cost, as no allowance has ever been made for services rendered the plant by other city departments, such as the purchasing department, the legal department, the water rent, which will amount to about $3 per year on each lamp, no charge is made for additions to the street wiring, the work done by the street department, no charge for insurance, the loss in taxation (a big source of revenue) or the rent paid by the city for property or its equivalent in interest on money used in purchasing property. Expert accountants who audited the books of the city of Chicago reported that if all charges were properly made against the lighting department, the cost to the city was $165.82 per arc light per year, and not $62.09, as was claimed." Presented in such a plain manner, it is a self-evident fact that Chicago is paying dearly for the privilege of owning her own electric plant. But Chicago is a large city, a long ways off, and noted for mismanagement and graft in all departments; it would, therefore, be more to the point if we look into the actual state of affairs nearer home, and for this purpose take the Jacksonville electric plant, which is owned by that city.

[illegible] to the published annual [illegible] years 1901-2-3 and 4, we find the following showing:

Cost of original plant in 1895 was	$ 76,675 99
Extensions and improvements to December 31, '04, amounts to	248,944 40
Making the plant cost the city up to that time	$325,620 39
Receipts for the year 1901	$ 79,362 46
" " " 1902	110,348 49
" " " 1903	136,798 19
" " " 1904	157,041 74
Total receipts for the four years	$483,550 88

The scheduled expenses for the same period of four years shows:

Total operating expenses for the year 1901	$ 47,788 43
Total expenses for extensions and improvements	39,637 41
Total operating expenses for the year 1902	56,587 22
Total expenses for extensions and improvements	35,577 44
Total operating expenses for the year 1903	62,791 53
Total expenses for extensions and improvements	37,281 06
Total operating expenses for the year 1904	77,125 61
Total expenses for extensions and improvements	59,615 54
Total scheduled expenses for the four years	$416,404 24

These figures show a balance in favor of the plant for the four years of $67,146 64, which to the casual observer would lead him to think there was good money in municipal ownership, but they are misleading in the extreme, for these expenses do not include interest on investment of plant, which is $325,620.39 at 5 per cent for four years which would be $65,124. After deducting this from their $67,146 64, it would leave a balance of $2,012 64, from which four years' taxes, water rents, the rent for that time which the city would have to pay or its equivalent in purchase money, depreciation of plant, which is figured by expert accountants to be 25 per cent of total valuation of plant per annum, or work, which no doubt is done for them by street, purchasing and legal departments of the city. After these proper charges and deductions are made, the sixty-seven thousand dollars would be worse than a nickel's worth of ice out in the midday sun of August. Looking still further into the reports of the Jacksonville plant, we find that on January 1, 1905, there was a cash balance on hand of $14,516.21. During the first quarter of the year, including the months of January, February and March, the receipts for services were $41,785 50, and from other sources including the deposits of customers, which should not appear at all, $4,025, making a total of $46,010 50, and the vouchers show expenditures of $48,499 43. For the second quarter, or the months of April, May and June, starting with a cash balance of $12,027.28, the receipts for service were $50,845 63, with voucher expenditures of $62,110.58, leaving a cash balance from what was on hand the first of the year of $2,057.83, and from this has to be deducted $1,295.50 due customers on deposits made on meters installed in their houses returnable on demand when they choose to cut out the service.

Should this ratio of expenditures continue the balance of the current year, there will be a balance on the wrong side of the ledger, for even admitting the fact that the receipts will be heavier during the winter months, there has already been a demand made upon the city for $30,000 additional for improvements. These figures do not show very favorably for the municipal ownership of a plant in Gainesville, where the consumption is so much less and the expenditures are as great in proportion, and it would be well for the tax-payers to ponder over them.

Our City Council has passed an ordinance looking toward the issuing of $115,000 bonded indebtedness, subject to the approval of the people's vote. This ordinance includes sewerage, improvement of streets, electric light plant, and a city hospital, all to be passed upon at the one time and vote.

The sewerage is undoubtedly a crying necessity for the welfare of the [illegible] city, and the amount specified for street improvements is none too large and should be granted, but the expenditure of $50,000 simply to gratify the whim of a few, who imagine that a municipal electric plant would pay an enormous per centage upon the investment, without having given the matter proper investigation, is a costly request to make of our tax-payers. Would it not be far better to change this ordinance so that the various utilities could be voted upon separately?

Then there is another serious feature of this bond issue to be considered. As I understand it, there will fall due $40,000 of the old waterworks bond issue due in fifteen years. At the same time there will fall due $35,000 of the educational bond issue, and the present call for bonds is carried by the votes of the people there will be another $35,000 falling due at the same time, making a total due and payable at one time, fifteen years from now, $110,000. Now we know that the revenue of the city is hardly sufficient to meet the running expenses, so the question (in capital letters) is, how are we to raise this amount? Why by taxation of the property owners and by no other way. It has been argued that the taxes cannot exceed a certain number of mills, which is correct, but that does not interfere to prevent the raising of the assessment on all property to such an extent that interest and bonds will be provided for even if it results in compelling a man with a small home to sell and rent.

TAX-PAYER.

EARTHQUAKE KILLED OVER FIVE HUNDRED

Recent Shocks in Italy Cause Great Damage.

OVER 2,000 PERSONS ARE INJURED

Official Report Shows that 212 Towns and Villages Suffered Great Loss of Life and Property—Six Drowned in Cloudburst.

New York, Sept. 23.—Earthquake shocks occurred yesterday in Calabria, says a Rome dispatch. A man and two women were killed at Jello and many houses fell, and 12 persons were injured at Bruzio. A church fell and there was further damage at Cozenza, Catanzaro and Monteleone.

There was a cloudburst at Bari, the wind capsizing a sailing vessel in the harbor and six persons who were on the boat were drowned.

At Partici, near Naples, there was another cloudburst, and the floods of water brought into the town many large blocks of lava from Vesuvius. The street car service was interrupted. General Lamberti has made an official list of the damage by the earthquake. He finds that 212 towns and villages suffered great losses. The dead number 589, and the injured 2,0[illegible]

HELD 1,000 [illegible]SONS AT BAY.

Boy Fatally Shot [illegible]Man and Narrowly Escapes Lynching.

New York, Sept. 23.—John Reid, [illegible] years old, fatally shot one man, holding at bay a crowd of [illegible] persons, and when captured by a police[illegible] man, narrowly escaped being [illegible] by a mob, which clamored for his [illegible] at an amusement park last night.

When the boy, who, the police [illegible] had been drinking, attempted to [illegible] the park, the employes refused to [illegible] mit him. Drawing a revolver, he [illegible] aimed at them and every one got [illegible] of range.

The crowd decided to disarm the lad, when he leveled his pistol and fired.

The bullet struck John Wilkinson in the groin. He was taken to a hospital, where it was said he probably would die from the wound.

Policeman Fay arrested the boy, the policeman started for the station, the crowd made a determined attempt to get at the prisoner, and Fay was compelled to beat several persons [illegible] keep his prisoner from their clutches.

TERRIBLE CRIME IN JACKSONVILLE

Mother and Four Children Are Murdered and Cremated.

FORMERLY OF THIS COUNTY

Sam Wise, Husband and Father, Suspected of Crime—Fearful Deed Was Committed Near Lincoln Park—Wise Had Threatened to Kill Entire Family.

The Jacksonville Metropolis of Friday contains the particulars of one of the most horrible crimes in the the annals of history, which was committed west of Lincoln Park and near Highway avenue, Jacksonville, about 1:30 o'clock Friday morning, the victims bein Lula Wise, a respectable colored woman, and her four children.

The woman had been working for W. A. Towle and occupying a house about 1,000 yards from the residence of her employer for the past two years. The cottage she occupied was situated in the center of a big field, to which she wended her way about dark Thursday, after which she was never seen alive. Fire was observed in the direction of the cottage about 1:30, but no one paid any attention to it until Mr. Towle observed the smoke Friday morning and visited the scene, finding that the house had been burned to the ground, and a horrible sight met his eyes, in the ashes being the badly charred remains of the woman and her four children.

Indications of Murder.

The body of the woman was found beneath the mattress and her skull was broken. Her position clearly showed that to escape the blows or shots of the murderer she had sought protection under the bed. Both of her legs were entirely missing and only that portion of the arms below the shoulder remained on the trunk. There was not a sign of flesh or bones below the hips to be found for an hour afterward, when the bones of the legs were discovered in the ashes badly broken. The woman's skull was thrown back, and there was not a particle of flesh on it, yet the neck and trunk were of their normal size, but badly charred. Her friends said she had excellent teeth, yet not a tooth remained in the skull.

The bodies of the four children presented a sight equally gruesome, and in every case the skull was broken. The charred body of Mary, the 13-year-old girl, was minus arms and legs, while the body of the boy, aged five years, showed only half of one arm. The other arm and his two legs, or any portion of them, had not been found up to 1 o'clock Friday afternoon.

The clearest evidence of brutal murder was shown in the body of Lucy, the 8-year-old daughter. Her body was not so badly consumed by the flames, and it could be easily seen that the top of the skull had been split into, evidently by an axe. The brains were not burned, and one hand was thrown up above the head, showing that the girl was endeavoring to protect herself. In her case the limbs below the knee were missing. Another wound comepletely took off a portion of the skull, and the absence of the ragged edges convinced the authorities that some one had murdered the entire family and then set fire to the house in order to hide the crime.

The youngest in the family was a 3-year-old girl. She was found near the mother under the mattress. All that remained of the child was the skull and trunk.

In every case except that of the 8-year-old girl there was not a sign of flesh on the skull and on the inside of the skull was no sign of animal matter, the eyes even being completely gonged out.

The woman, who had lived alone for two years with her children, kept a shotgun loaded, which hung on a nail on the wall behind the front door. The barrel of this gun was found near where the bed stood, on the opposite side of the room.

A Possible Clue.

To a Metropolis reporter Mr. Towle said:

"Lula Wise has worked for me for two years, and she was faithful and industrious. She was a negro woman who never made trouble, and was very earnest and conscientious in her church affairs. She had no male visitors, and attended strictly to her own business. She was devoted to her children. She came here about two years ago from Alachua county, and was esteemed by all who knew her. She was a woman about 30 years old. She had a husband named Sam Wise, but they separated two years ago."

A little over two years ago her husband beat her and threatened to kill her. She was forced to have him arrested and he was punished by serving out a short jail sentence. After he was liberated he declined to come back home and sent word, it is alleged, that he would return some night and kill her and the whole family.

Since that time no one has heard anything from her husband and the woman believed him to be dead. Although there were a hundred people present at the scene Friday morning who claimed to know him, none had seen him or heard of him since shortly after he was liberated from jail two years ago. These friends gave the woman an excellent name.

The house occupied by the unfortunate family contained a large bed room and a kitchen, which was also used as a dining room. In one bed room, where all the bodies were found, there were three windows and two doors, which convinces the officers that the inmates could have escaped had the house caught fire.

The indications point to a wholesale murder, and that the brute, to shield his crime, then set fire to the house.

PURE BLOOD
INSURES A CLEAR SKIN

When Eczema, Acne, Tetter, Pimples, or other skin diseases make their appearance it is a sure sign that the blood is filled with humors and burning acids. These being forced through the pores and glands burn and blister the skin, producing the eruptions which are usually accompanied with intense itching, and are disfiguring and humiliating.

Years ago my blood was bad, as evidenced by skin eruptions on different parts of the body, and other symptoms, so I concluded to try S. S. S., knowing it to be highly spoken of. After using a number of bottles—do not remember now just how much—my blood was thoroughly purified and enriched and I was relieved of all eruptions and manifestations of impure blood. I believe S. S. S. to be an excellent blood medicine, and any one in need of such a medicine would do well to use it. They will find it a perfect cure as it proved to be in my case. MRS. C. E. SHOEMAKER.
Alliance, O., 516 E. Patterson St.

While external treatment relieves temporarily it does not reach the real cause of the disease, because it does not go into the blood. S. S. S., a perfect blood purifier, neutralizes these acids and humors, and by strengthening and toning up the Liver, Kidneys and Bowels, the natural channels of bodily waste, disposes of them instead of allowing them to be forced to the surface through the skin. S. S. S. is the greatest of all tonics for building up the entire system, increasing the appetite and helping the digestion. S. S. S. cures all skin diseases promptly and permanently, leaving the skin soft and smooth. Only by keeping the blood pure can we hope to have a clear skin. Book on Skin Diseases and any medical advice you may wish free of charge.

SSS
PURELY VEGETABLE.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

ANNIVERSARY MEETING.

Colfax Rebekah Lodge, I. O. O. F., Had Interesting Session.

The members of Colfax Rebekah Lodge, I. O. O. F., held an interesting meeting Wednesday evening, the occasion being the forty-sixth anniversary of that branch of the order.

There were about forty present, and the evening was passed in a most enjoyable manner. The program comprised instrumental selections by Prof. A. J. Foskett and Miss Myrtle Fennell, a song by Miss Nell Dempsey, and the reading of a selection from "Mrs. Wiggs in the Cabbage Patch," by Miss Maude Neville. Brothers Robert McClellan and J. W. Blanding made informal addresses on the order, which were full of interest, and tinged with some humor which tended to enliven those present.

Refreshments were served, and altogether the evening was passed in a manner which will be remembered by all.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Captain Strobhar in New York.

A letter from Captain J. N. Strobhar, who is now in New York, to the publisher of The Sun, requests that the paper be sent to his address. Captain Strobhar states that he hopes to have the pleasure of seeing his friends in Gainesville in the near future.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

ANNOUNCEMENT OF THE

LUDDEN & BATES PIANO CLUB

Introducing and Advertising the New Scale $400 Ludden & Bates Piano to Club Members at

$287.

Pay $10.00 at Joining, then $8.00 a Month, 8 Per Cent Interest.

Pianos Delivered at Depot for Shipment as Soon as Application is Accepted. Quarterly or Yearly Payments Can be Arranged to Suit Crop and Other Conditions.

The New Scale $400 Ludden & Bates Piano

Cannot Be Duplicated Elsewhere for Much Less Than Double the Club Price of $287.

We have them for immediate delivery. Call and see them, or if not convenient to call, write for Booklet "F," which will give full information.

They are especially adapted to this climate.

The scale is as near scientifically correct as is possible in piano building—evenly balanced, which is responsible for its wonderful tone—the soul of the piano. Double repeating action, the touch is light and easy. Very attractive case designs in Fancy Mahogany, Walnut and English Oak. Those who have examined the New Scale $400 Ludden & Bates say they are the best $400 values in the South. The profession tells us they have the tone of a Grand. They look like $500 pianos, and sound like them. The books for the club are now open. Remember, the club is limited to one hundred, and all our stores will take memberships. Address

Ludden & Bates S. M. H.,

16 and 18 Julia Street, Jacksonville, Fla.

OUR OBJECT

In advertising is to convince you that YOU ought to have a bank account, and that the account should be kept in THIS BANK. We offer ABSOLUTE SAFETY to our depositors.

Equipped as we are with a NEW FIRE-PROOF VAULT, New Triple Time Lock, Screw-Door, BURGLAR-PROOF SAFE, with our Officers Bonded, with Fire and Burglar Insurance, your money and valuable papers are safe with us.

FOUR PER CENT Interest Paid on Time Deposits.

BOY WOUNDED; MOTHER DEAD

Result of Explosion of a Dynamite Cap in Hands of Boy.

A TERRIBLE THURSDAY TRAGEDY

Resulting from Carelessness—Boy Was Striking Cap With Nail, When Thing Exploded and His Hand Was Blown Off—His Mother Fell Dead.

As the result of the explosion of a dynamite cap, Reuben Anglin, the ten-year-old son of Tanner Anglin, colored, was painfully wounded and disfigured for life, and in the same home his mother, Violet Anglin, is a corpse.

The accident occurred about nine o'clock Thursday morning at the Anglin home, about three miles west of the city. The boy in some manner became possessed of the dangerous missile which has brought so much sorrow to his home. He was striking the cap with a nail, when the same exploded with terrific force, mangling the lad's left hand so badly that it became necessary to have the member amputated.

But the saddest and most heart-rending feature of the incident was the death of the mother. She was in the house, attending to her regular domestic duties, when the explosion occurred in the yard. Rushing out to ascertain the trouble, she beheld her son in his wounded condition, the blood flowing freely. With the utterance of "My God! My boy has been killed," she swooned and fell and in a few moments expired.

Anglin is one of the most industrious colored men in the county. He has been for many years a faithful employe of Hon. W. H. Robertson, county treasurer, and it was at Mr. Robertson's country home that the sad tragedy occurred.

DEATH OF OLD RESIDENT.

Dr. Adolph J. Vidal Passes Away, After a Life of Usefulness.

Dr. Adolph J. Vidal, for the past quarter of a century a resident of Gainesville, and one of the most widely known citizens in this section, died at his home shortly after midnight Thursday, September 21, of consumption.

Deceased was in his sixty-first year, having been born in Charleston, S. C., December 31, 1844. In 1859, when but fifteen years of age, he graduated at Charleston College and went to Athens, Ga., where he became one of the instructors in the University of Georgia. He left Athens to enlist in the Confederate army, and in 1863 was wounded in a severe engagement.

After the war Dr. Vidal returned to Charleston and entered the Charleston Medical College, where he graduated with special distinction. He went to Bennettsville, S. C., where he practiced his profession for six years, but was compelled to come to Florida for the benefit of his health. He settled in Gainesville in 1881 and opened a drug business here, which occupation he has since followed continuously.

Deceased was a consistent Christian gentleman and had been for years an elder in the Presbyterian Church. Up to a few weeks ago, when his failing health prevented, he was a regular attendant at every service of the church, and no member commanded higher love and esteem from the congregation.

The funeral was held from the church at 3 o'clock Thursday afternoon, deceased having requested that the interment be held as soon after his demise as possible. Rev. Thos. P. Hay conducted the services, which were largely attended, many friends of the deceased having gathered to show their last mark of love and respect. The floral decorations were numerous and beautiful. The interment was in Evergreen Cemetery, and a large number accompanied the remains to their last resting place. The pall-bearers were Messrs. C. Matheson, J. H. Jarvis, G. K. Broome, M. B. Saunders, Geo. W. Hyde and L. J. Means.

Deceased is survived by a widow and six children, Adolph, John, Elloise, Albert, Pierre and Topsy, three brothers and two sisters, to all of whom the sympathy of the community is extended.

Sprains.

S. A. Read, Cisco, Tex., writes, March 2, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I cheerfully recommend it to anyone suffering from a sprain." Sold by W. [illegible]

Ayer's

Impure blood always shows somewhere. If the skin, then boils, pimples, rashes. If the nerves, then neuralgia, nervousness, depression. If the

Sarsaparilla

stomach, then dyspepsia, biliousness, loss of appetite. Your doctor knows the remedy, used for 60 years.

"Returning from the Cuban war, I was a perfect wreck. My blood was bad, and my health was gone. But a few bottles of Ayer's Sarsaparilla completely cured me."
H. C. DOEHLER, Scranton, Pa.

GULF HAMMOCK HOTEL

Will Open Under New Management October 1st, 1905.

Gulf Hammock is known all over this section of the country as the paradise for hunting and fishing, and when you want a place where game "sure is," and fishing of the best, Gulf Hammock is certain to be the best.

But after a day with dog and gun, or rod and line, the tired sportsman desires a comfortable place to rest at night and enjoy a palatable meal. By the opening of the Gulf Hammock Hotel under the management of Mrs. Loula Thomas, recently of the Otter Creek House, those who go to Gulf Hammock for rest, recuperation, hunting and fishing, can have their wants supplied.

This hotel will be open to the public October 1st, and Mrs. Thomas, who understands thoroughly the wishes of tourists and all travelers in the way of hotel comforts, will use every effort to make it a resort affording all the cheer that is desired to make the stranger feel at home in this carefully conducted hostelry. For particulars read the advertisement in this issue of The Sun.

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by all druggists.

JENKINS WAS HELD.

Was Placed Under $250 Bond for Alleged Shooting of Man.

Deputy Sheriff J. H. Granger returned Thursday night from Alachua, where he went to attend the trial of Henry Jenkins, colored, charged with the shooting of another negro who went by the name of Edward Nedd.

The trial was held in Justice Caswell's court, and as Jenkins is a rather prominent and industrious farmer, a great many of his friends assembled at the hearing.

After hearing the evidence in the case Justice Caswell required the defendant to give bond for $250 for his appearance before the grand jury at the fall term of the circuit court.

Jenkins, although a colored man, is regarded as very industrious and has many white friends in the vicinity of Santa Fe, where his farm is located, who were willing to go on his bond.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. [illegible]

THE CENSUS TAKERS.

Enumerators Are Now at Work in Gainesville and Vicinity.

The census taker has "hit" Gainesville, and for the past three or four days has been getting in some good work.

A great many do not understand the mission or purpose of the enumerator when he politely appears at the door and begins asking so many questions. Notwithstanding that at the beginning he explains his mission, as a rule the housewives arrive at the conclusion that he is entirely too "fresh" in enquiring into family secrets, such as age, etc., and oftentimes the enumerator experiences considerable difficulty in securing the information he is required to furnish to the government on a regular blank printed for the purpose. Many amusing incidents also occur, but altogether the life of a census taker is not to be envied.

Julian McRae is chief of the census enumerators in this section. He expects to finish his labors here within the next three weeks.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

Killed a Big Rattler.

Deputy Sheriff J. H. Granger was returning from LaCrosse on Friday, and as he crossed Rocky Creek he had an experience which he will not soon forget.

Mr. Granger's attention was attracted by a great deal of animation among a number of birds on the side of the road, and he went to ascertain the trouble. He was immediately challenged by a large rattlesnake, which waved its tail, sounded its rattles and licked its tongue in defiance. He drew his pistol, took deliberate aim, and at the first shot severed the reptile's head from its body.

His shakeship measured 5 feet 10 inches, and was the possessor of nine rattles and the customary button.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Ferry's Seeds are known by what they have grown. For half a century they have been the standard—haven't failed once to produce bigger, better crops than any others. Sold by all dealers. 1905 Seed Annual free to all applicants.
D. M. FERRY & CO., Detroit, Mich.

SHIPMENT OF CATTLE TO CUBA PROFITABLE

Mr. Markham Makes Big Thing Sending Cargoes to Island.

HE BUYS FROM EVERYWHERE

Takes the Cattle to His Own Private Ranch at Romeo, Gets Them in Condition and Ships Them Where There is a Ready Market.

William Markham of Romeo, a prominent cattle buyer who has made a great success, was recently in the city.

Mr. Markham is what might be termed a practical ranchman. He was reared upon a ranch, and has been accustomed to the sweet-scented clover, and never feels at home unless among fine cattle. Moving to Florida in his early age, and settled amid the green pastures of this State, which were more numerous then than now, he gained the advantage of learning all about cows, their condition and diseases, which he has since put to practical use.

Mr. Markham has been engaged in the purchase of cattle and their shipment to Cuba for several years, and never a month passes that he does not make a consignment, which brings good prices. He is now in this section, and proposes in a short time to send a carload of Alachua county cattle to Romeo, where he will place them on his immense private range and prepare them for shipment.

"American beef-cattle bring good prices in Cuba," remarked Mr. Markham. "The net profit, after paying freight and all other expenses, is much better than in America, and we find that the market is also better. A man can ship a cargo of cattle to any port in Cuba and always find a ready market."

Mr. Markham was here a few days ago and managed to secure several hundred head of cattle from this section. He is a man thoroughly posted in his position and does not fail to take advantage of all opportunities.

THE NEWS FROM ARNO.

School Opened With Fine Prospects. Notes of Personal Interest.

Arno, Sept. 23.—Farmers are very busy gathering their corn and cotton. Both corn and cotton crops are below the average this year. The prospects of the cane crop are good. Much fine hay is being saved.

We have another wedding to report this week, the contracting parties being Mr. Lewis of Newberry and Miss Alice Blanton, one of our very finest young ladies. They went to Gainesville to be married on Thursday, and went from there to St. Augustine for a few days.

This place is noted for its pretty young ladies, but they are one by one being taken away. However, there are plenty more coming on.

Miss Rosa May and Miss Ruth McClenney, who were appointed last year to get up money to buy an organ for the Forest Grove school, gave an ice cream festival Friday night at the school house for the benefit of the organ fund, which was quite a success, both socially and financially. They realized $20.25. They now have nearly $40, and will buy the organ at once. Few people appreciate the influence of good music and musical training in the attainment of a good education. Misses Rosa and Ruth deserve much credit for their success. Quite a nice crowd of young people came from Alachua and Newberry to the festival.

Our school is moving out with quite a good prospect for quite a successful term under the guidance of Prof. DeLand and his able assistant, Miss Rosa May. The school is averaging about fifty pupils, and will do better as soon as the busiest cotton picking is over. The patrons with few exceptions are taking unusual interest in the school.

Miss Pearl Osteen is spending this week with her sister, Mrs. W. F. Marlow, at Ocala.

LOCHLOOSA NOTES.

Matters of General Interest—Fishermen at Work—Other Notes.

Lochloosa, Sept. 22.—G. A. Singleterry and family of Gainesville are visiting the latter's parents, Mr. and Mrs. A. Roundtree, and will return home on Sunday.

P. A. Barker made a flying trip to Hawthorn Thursday.

J. R. Tompkins left Tuesday for Jacksonville, where he will reside.

Dr. R. C. McGahey, who runs the shingle mill at this place, is going to move to Island Grove next week.

Mrs. Perry of Edgar is visiting relatives here.

The cat fishermen have started up fishing again. They are biting well at present.

J. J. Haymans, the big turpentine man of this place, left Wednesday for Jacksonville on a business visit.

The cotton pickers of this community are glad to see fair weather again, and also the farmers.

Miss Josie McClure, dry goods clerk in the Variety Store at Ocala, made a visit to relatives, A. T. Gore and J. E. Cochran, and returned home Thursday.

SCHOOL BOARD PROCEEDINGS

Business Transacted by This Body for the Month Ending Sept. 4.

Below are published the official proceedings of the Board of Public Instruction of Alachua county for the month ending Sept. 4th, 1905:

Rochelle $40; Whittaker No. 45, S. Ethel Williams $15

Sundries.

J. G. Kellum, interest, $13 82; R. B. Weeks, mileage and per diem, $22 40; W. J. Martin, mileage and per diem, $39 20; T. A. Doke, mileage and per diem, $35; H. & W. B. Drew Co., book, $10 35; H. H. McCreary, advertising and report, $21.75; J. L. Kelley, salary, $100; J. L. Kelley, office, $15 55; A. L. Vidal & Co., teachers' examination, $3 70; T. F. McBeath, $25.

R. B. Weeks, Ch'n. Bd. Pub. Inst.
Attest: J. L. Kelley, Sec. and Supt.

Jacksonville's new Catholic church, the Church of the Immaculate Conception, is to cost $100,000. It will be of Georgia marble and Gothic style of architecture.

THE GAINESVILLE LIBRARY CONTEST

Kirby Smith Leads With a Good Gain Over the Home.

VOTES MUST BE SENT TO SUN

The Rules Specify the Time That Reports Should be Made—See That Your Votes Are In On Time—Only Two Weeks More of the Contest.

The votes returned in the Library contest show that Kirby Smith Chapter is still in the lead, although some of the places where the Odd Fellows' Home gets a large vote each week have not been reported.

The rules have, in many instances, not been complied with, as they provide that "each merchant shall carefully make a record of his vote on Friday night of each week, sending a duplicate of same to The Daily Sun on Saturday before noon of each week, [illegible] nature," etc.

[illegible] been obliged to make [illegible] to many voting [illegible]ns, and hereafter [illegible]d unless returned in the rules.

The [illegible] as received is as follows:

Kirby Smith Chapter	168,257
Odd Fellows' Home	112,459
Earnest Workers	42,787
Union Academy	7,589
High School	5,694

PACKERS HEAVILY FINED.

Guilty of Conspiracy in Accepting Railroad Rebates.

Chicago, Sept. 23.—Four officials of the Schwartzchild & Sulzberger Packing company, of Chicago, were fined an aggregate of $25,000 by Judge Humphrey in the United States district court here. The fines followed a plea of guilty to indictments charging conspiracy to accept railroad rebates. The defendants were Samuel E. Well, of New York, vice president of the company; B. S. Cussey, traffic manager; Vance D. Skipworth and Charles E. Todd, assistant traffic managers. Mr. Well was fined $10,000, the other three $5,000 each.

With the entering of the plea, the declaration was made that unless at least one of the cases is immediately settled, the life of Samuel Well, who is vice president of the company, and is one of the defendants, is in jeopardy. He is said to be a nervous wreck, and fears were entertained for his life if he had been allowed to continue under the strain of a trial.

The plea was entered, it is declared, after a complete understanding had been reached between counsel for the defendants and Attorney General William H. Moody.

While in Chicago, the attorney general was apprised of the condition of Vice president Well, and, it is said, agreed to the entry of a plea of guilty, with the understanding that the jail provision of the law under which the indictment was returned should be waived, and merely a fine imposed. The same concession was made in the case of the other three defendants.

Rawlings Given New Trial.

Valdosta, Ga., Sept. 22.—Since the stay of execution in order that their cases may be appealed to the supreme court, J. G. Rawlings and his sons, Milton, Leonard and Jesse, are in a better mood and talk freely of the case. The old man, while asserting his innocence, says he is convinced that Alf Moore and Mitch Johnson killed the Carter children and that Joe Bentley planned it. The younger boys, Leonard and Jesse, the latter condemned to die, are kept apart from their father and older brother. It is thought that Milton and Leonard will eventually tell something about the tragedy in an effort to clear Jesse, and that they will affirm he did none of the shooting.

Suicided While Family Were Eating.

Springfield, O., Sept. 22.—"Keep breakfast warm a little longer," shouted Newton Mays down stairs this morning, when called. A few minutes later, as the family sat at the table, a pistol shot was heard in the room above. Mays had killed himself. He was 61 years old, a bachelor and was quite wealthy.

DR. MILES' Anti-Pain Pills

Pain

Dr. Miles' Anti-Pain Pills
Cure Headache
Almost instantly, and leave no bad effects. They also relieve every other pain, Neuralgia, Rheumatic Pain, Sciatica, Backache, Stomach ache, Ague Pains, Pains from injury, Bearing-down pains, Indigestion, Dizziness, Nervousness and Sleeplessness.

If Rockefeller gets control of the sulphur trust and raises the price of brimstone, he may make it easy for some people after all.

There are officers in the army, says Gen. Corbin, who are not mindful of their financial obligations. You will find a few of the same sort in private life.

The United Confederate Veterans will meet in Zolfo on Wednesday, October 4th, and they will have a warm welcome from the citizens of that place.

Judge Pendleton of the superior court has decided that Atlanta is still in Georgia, and not vice versa, as the city board of health tried to make them believe.

The new Russian parliament, to be controlled by the peasantry, will make it all the more easy for the Czar to control the parliament. It is all the same in Russia.

Col. Brady, who is making a desperate effort to have Isaiah E. Cooper pardoned, says he does not believe he killed Bowman. The evidence that he did the deed seems somewhat flimsy.

Bradentown, judging from The Herald, is infested with "knockers." The only ones we have in Gainesville are those who are hammering on new buildings and repairing old ones—a very good use for the hammer brigade.

The premium lists of the Florida State Fair are being distributed in this county and they show up some excellent prizes to exhibitors. We hope to see this county well represented, and every county in the State should try and get there.

The Tampa people are great for injunctions. Whenever the law business is dull, a lawyer gets out an injunction restraining people from minding their own business. And if the parties are responsible it is generally a chance for about four lawyers to pay expenses.

Col. T. J. L. Brown has resigned the presidency of the State Fair at Tampa. He was turned down rather coolly in his efforts to secure another lease of the Tampa Bay Hotel and said he would be obliged to quit and go to New York. David Lauber of St. Louis and W. F. Stovall, editor of The Tampa Tribune were the lucky bidders for the hotel. They pay $25,000 for five years. Brown's offer was considered by many as the best.

The Industrial Edition of The Sun will be the only attractive advertisement of Alachua county placed before the people this season, as the facts and figures published will contain strictly reliable information. There is no necessity for exaggeration in regard to the advantages of Alachua county. There cannot be anything gained by enlarging on what nature has done to make Gainesville a most desirable place of residence. The advantages are here and it now remains for man to improve them. Whatever is said for our city and county in the Industrial Edition of The Sun will have the documents behind the assertions to prove their truth.

JAPAN AND HER WAR.

The conclusion that the brilliant victories on land and sea by Japan in the late war were made fruitless by the peace treaty that terminated the war, is the result of shallow thinking or none at all on the part of some. Japan did not go to war to make her enemy pay the cost nor to acquire territory or secure any other mercenary reward or advantage. All she went to war for she secured, and more. She appealed to the sword in the name of national preservation and integrity. She attacked a gigantic foe whose insidious advances were intended to and ultimately would have banished her from the family of nations. Those advances were checked and that fate averted, and not temporarily but permanently.

From an unknown national quantity Japan has revealed a power, moral as well as physical, that will secure for her the respect of all nations and freedom from the domineering spirit that the "world powers" had come to think they could indulge in all things pertaining to the Orient. In this respect alone Japan achieved a decisive and far-reaching result that but few wars of history can truthfully boast of. She has not only made herself immune to the "monkeying" of the self-styled "superior powers," but has awakened China from her stupor of the ages, and with a result not difficult to imagine. She has jolted the spirit of national aggression and made it a much less popular fashion than it has been for many years. In short, it now seems certain that the Russia-Japan war will be regarded hereafter as an epoch with scarcely a parallel, and out of it Japan came with all the laurels and material advantages.

TEACHERS SCARCE.

The scarcity of school teachers is what might be expected. The young ladies and gentlemen who study for years to fit themselves to teach a primary school, and become proficient, are getting exceedingly weary of devoting their time to a profession that has mighty little glory and poor pay. With half the effort they take up bookkeeping and stenography, become moderately proficient, starting out to draw a salary of $50 a month, with a chance of a raise as they progress, while they teach in a primary school for $30 to $35 a month, and spend a fourth of their year's salary to keep posted in the new methods of teaching that bob up every year.

Besides all this, the examinations are simply fierce, and how can you expect a young lady of 18 or 20 years to know as much as a Philadelphia lawyer for $25 or $30 a month for seven or eight months in a year and board themselves?

Raise the salary of teachers so they will have a chance to get back a portion of the money they have paid out during the eight or ten years they have been fitting themselves for their work, have a list of questions for examinations that apply to schools and teaching, and not to matters that will never come before the ablest lawyers and judges of the land in the affairs of this country, and you will have all the teachers you want for the country schools.

FAIR AT DEFUNIAK SPRINGS.

From a catalogue and premium list received at this office, we are authoritatively informed that the Gulf Coast Fair and Agricultural Exposition will be held at DeFuniak Springs, November 1st to 4th inclusive. The premium list proves to all that they are in earnest and have offered some good prizes.

The DeFuniak Fair will be an exhibition of interest to all farmers and fine stock breeders of Florida, as it will be more of an exhibition of that character than a vaudeville performance. Such fairs are for the education of the farmers of the State, where they can meet and compare notes, also learn what will be the most profitable crops and stock for their respective localities.

The premiums offered for horses, cattle, sheep and hogs, as well as other farm stock, are very liberal and should be an incentive to farmers to enter the competition with the best they can produce. The farmer in Florida will always be the leading spirit in the advancement of our welfare, and the best of everything should be produced by him.

The poultry business, when successfully conducted, should be a paying industry, and this line will receive much attention at the Fair. The premiums in all departments are good, and those who have not received one should address R. W. Storrs, Secretary, DeFuniak Springs, Fla.

THE MATURED FAMILY.

In these days when women do not seek to marry, and when men find single blessedness most desirable, says an exchange, the question of how to preserve harmony in the matured family is important. It is a far easier matter to preserve happiness in a growing family which is elastic and buoyant and busy with its own diversions. But with maturity and age each character hardens, the personal tastes and opinions become fixed, and toleration for others is often lacking because each member of the family feels without admitting it that the very existence of the other members limits his or her possibilities. Not only do the members feel this, but it is actually true. As a case in point, one most attractive woman literally and unconsciously lost touch with her friends by surrendering herself to her family. Those who found her most congenial could not find her sisters so, and while year after year, she struggled to retain her friends as well as her family, she could not fail to see the breach widening, when, if she had chosen to live apart from her family, the success she so well deserved would have surely been hers. Her less charming sisters dragged her down, depriving her of the happiness of companionship they could not enjoy.

CAUSE AND EFFECT.

During the past 25 or 30 years hundreds of fortunes have been accumulated in this country, ranging from hundreds of millions of dollars each. Some of these fortunes are so immense and the incomes from them so large that their possessors give away from one to ten million dollars at a time, and with no more impression upon income or fortune than a gift of ten dollars would make upon the income of any one of a vast majority of our people.

A recent report made by the board of charities of New York City is a doleful wail about the increase of the number of persons in that city dependent upon charity. The percentage of increase of such persons to total population is said to be about three-fold in 30 years. These propositions constitute a gruesome and startling example of cause and effect. The real wealth of this country is but little if any more than $1,000 to each inhabitant, hence one person owning a single million pauperizes the equivalent of 1,000 other persons, for he owns the theoretical share in the total wealth of that many. Then contemplate the number that must be pauperized to give one man a fortune so large that out of its annual income $10,000,000 can be given away without missing them!

STATE FAIR NOTES.

One of the most attractive features of the coming State Fair at Tampa will be the horse races. There will be a ten-day race meet, and the largest purses ever given in Florida will be awarded the winners. The best horses in the South will be at the Fair, and quite a number of Florida horsemen will be represented.

The amusement attractions on The Range will also be the finest ever brought South.

The Fair work in every line is progressing rapidly, and the attendance will be immense.

The Main exhibit building, the largest building in Florida, is about completed, and the magnificent Woman's building will also be ready for use shortly, as will other buildings.

The stables, pens and other structures for exhibiting live stock will be the largest ever seen at a Southern State fair.

Many counties are now clamoring for space, and those that have not done so should apply at once.

COVER THE SUBJECTS,

The following concerning one of our former citizens, coming as it does from A. N. C. Russell, county superintendent of the Hernando schools, and who is also editor of The Southern Argus, may be considered a high tribute to the ability of State Superintendent Holloway:

"The Southern Argus acknowledges with pleasure the reception of a full set of questions recently submitted in the examination at Gainesville of applicants for State certificates. We have examined them carefully and find them to be perfectly fair and sufficiently covering the subjects. Superintendent Holloway is conducting his office in an able manner, compelling the praise of opponents as well as friends."

A Splendor That Cha...

Distinguishes the lady who indulg... her taste for fine Jewelry purchased at SMITH'S from others that are merely dazzling. Our Jewelry is noted for its standard of artistic elegance, which never varies. Only the finest diamonds and gems are used, and all mountings are of 18 karat gold.

SHIPMENT OF CATTLE TO CUBA PROFITABLE

Mr. Markham Makes Big Thing Sending Cargoes to Island.

HE BUYS FROM EVERYWHERE

Takes the Cattle to His Own Private Ranch at Romeo, Gets Them in Condition and Ships Them Where There is a Ready Market.

William Markham of Romeo, a prominent cattle buyer who has made a great success, was recently in the city.

Mr. Markham is what might be termed a practical ranchman. He was reared upon a ranch, and has been accustomed to the sweet-scented clover, and never feels at home unless among fine cattle. Moving to Florida in his early age, and settled amid the green pastures of this State, which were more numerous then than now, he gained the advantage of learning all about cows, their condition and diseases, which he has since put to practical use.

Mr. Markham has been engaged in the purchase of cattle and their shipment to Cuba for several years, and never a month passes that he does not make a consignment, which brings good prices. He is now in this section, and proposes in a short time to send a carload of Alachua county cattle to Romeo, where he will place them on his immense private range and prepare them for shipment.

"American beef-cattle bring good prices in Cuba," remarked Mr. Markham. "The net profit, after paying freight and all other expenses, is much better than in America, and we find that the market is also better. A man can ship a cargo of cattle to any port in Cuba and always find a ready market."

Mr. Markham was here a few days ago and managed to secure several hundred head of cattle from this section. He is a man thoroughly posted in his position and does not fail to take advantage of all opportunities.

THE NEWS FROM ARNO.

School Opened With Fine Prospects. Notes of Personal Interest.

Arno, Sept. 23.—Farmers are very busy gathering their corn and cotton. Both corn and cotton crops are below the average this year. The prospects of the cane crop are good. Much fine hay is being saved.

We have another wedding to report this week, the contracting parties being Mr. Lewis of Newberry and Miss Alice Blanton, one of our very finest young ladies. They went to Gainesville to be married on Thursday, and went from there to St. Augustine for a few days.

This place is noted for its pretty young ladies, but they are one by one being taken away. However, there are plenty more coming on.

Miss Rosa May and Miss Ruth McClenney, who were appointed last year to get up money to buy an organ for the Forest Grove school, gave an ice cream festival Friday night at the school house for the benefit of the organ fund, which was quite a success, both socially and financially. They realized $20.25. They now have nearly $40, and will buy the organ at once. Few people appreciate the influence of good music and musical training in the attainment of a good education. Misses Rosa and Ruth deserve much credit for their success. Quite a nice crowd of young people came from Alachua and Newberry to the festival.

Our school is moving out with quite a good prospect for quite a successful term under the guidance of Prof. DeLand and his able assistant, Miss Rosa May. The school is averaging about fifty pupils, and will do better as soon as the busiest cotton picking is over. The patrons with few exceptions are taking unusual interest in the school.

Miss Pearl Osteen is spending this week with her sister, Mrs. W. F. Marlow, at Ocala.

LOCHLOOSA NOTES.

Matters of General Interest—Fishermen at Work—Other Notes.

Lochloosa, Sept. 22.—G. A. Singletary and family of Gainesville are visiting the latter's parents, Mr. and Mrs. A. Roundtree, and will return home on Sunday.

P. A. Barker made a flying trip to Hawthorn Thursday.

J. R. Tompkins left Tuesday for Jacksonville, where he will reside.

Dr. R. C. McGahey, who runs the shingle mill at this place, is going to move to Island Grove next week.

Mrs. Perry of Edgar is visiting relatives here.

The cat fishermen have started up fishing again. They are biting well at present.

J. J. Haymans, the big turpentine man of this place, left Wednesday for Jacksonville on a business visit.

The cotton pickers of this community are glad to see fair weather again, and also the farmers.

Miss Josie McClure, dry goods clerk in the Variety Store at Ocala, made a visit to relatives, A. T. Gore and J. E. Cochran, and returned home Thursday.

SCHOOL BOARD PROCEEDINGS

Business Transacted by This Body for the Month Ending Sept. 4.

Below are published the official proceedings of the Board of Public Instruction of Alachua county for the month ending Sept. 4th, 1905:

Financial Statement of the Board of Public Instruction, Alachua County, Florida, for the Month Ending Sept. 4, 1905.

Hon. S. H. Wienges, Clerk Circuit Court, Alachua County, Fla.

Sir: In compliance with Section 2, Chapter 4332, Laws of Florida, we hereby file with you the following itemized statement of the moneys received and expended and warrants issued during the month ending Sept. 4th, 1905:

Treasurer's Report.

RECEIPTS—1905.

Aug. 1—Balance last report	$6018 50
Received from Comptroller, G. & G. Special 3m	151 33
Received from taxes, 5m	472 39
Received from Dickinson, Collector, taxes 1904, 5m	202 27
Received from polls 1904	10 00
Received from special 3m	54 81
Received from Comptroller, redemptions	163 29
Total	$7072 59
Less warrants surrendered	1587 77
Balance	$5484 82

WARRANTS ISSUED.

White Teachers.

Franklin No. 7, Annie Fildes $30; Jennings Lake No. 12, Mary Dudley $80; Trenton No. 16, Josephine McComb $70; Suwannee No. 19, Ethel Watkins $40; Santa Fe No 25, W. E. Bell $50, Georgia Martin $30; Bloomsdale No. 32, Willie M. McIntosh $18 75, Queen Johnson $31 25; Cannon No. 35, Lee Walker $30; Cherry Sink No. 41, S. E McIntosh $40, Beecher Rutledge $30; Hague No 48, Hall Malphurs $40; Roadfield No. 54, T. J. Lindsay $30; Grover No. 57, Annie Guynn $30; Hickory Hill No. 59, Leonora Fildes $30, Leonora Fildes $30; Townsend No. 61, Maude Creekmore $35; Bartram No. 63, Agnes Zetrouer $35; Union Grove No. 70, L. W. Denham $60, Mamie C. Robinson $52.50; Bell No. 85, J. C. Adkins $40, J. C. Adkins $40, Belle Lindsay $30, Belle Lindsay $30; Rocky Hill No. 86, Delia Jelly $50; Willeford No. 88, Mary Hague $70; Dutton No. 90, Jessie Barre $35; Thomas No. 91, Annie Turner $33.25; Perseverance No. 43, Florence Moody $35; Roadfield No. 54, T. J. Lindsay $30; Townsend No. 61, Maude Creekmore $35.

Negro Teachers.

Freedom No. 3, Amy Davis $20; Liberty Hill No. 6, E. L. Bagley $15; Micanopy No. 12, two months, L. A. Artson $40; Newnansville No. 14, William Madison $20; Nebo No. 26, two months, J. J. DeRose $40, Jennie Gainey $18.75; Greens No. 30, H. C. Williams $20; Hague No. 31, R. D. McLin $20; Tacoma No. 33, two months, J. C. Jones $40; Half Moon No. 43, two months, W. A. Rochelle $40; Whittaker No. 45, S. Ethel Williams $15.

Sundries.

J. G. Kellum, interest, $13 82; R. B. Weeks, mileage and per diem, $22 40; W. J. Martin, mileage and per diem, $39 20; T. A. Doke, mileage and per diem, $35; H. & W. B. Drew Co., book, $10 35; H. H. McCreary, advertising and report, $21.75; J. L. Kelley, salary, $100; J. L. Kelley, office, $15.55; A. L. Vidal & Co., teachers' examination, $3 70; T. F. McBeath, $25.

R. B. WEEKS, Ch'n. Bd. Pub. Inst.
Attest: J. L. KELLEY, Sec. and Supt.

Jacksonville's new Catholic church, the Church of the Immaculate Conception, is to cost $100,000. It will be of Georgia marble and Gothic style of architecture.

THE GAINESVILLE LIBRARY CONTEST

Kirby Smith Leads With a Good Gain Over the Home.

VOTES MUST BE SENT TO SUN

The Rules Specify the Time That Reports Should be Made—See That Your Votes Are In On Time—Only Two Weeks More of the Contest.

The votes returned in the Library contest show that Kirby Smith Chapter is still in the lead, although some of the places where the Odd Fellows' Home gets a large vote each week have not been reported.

The rules have, in many instances, not been complied with, as they provide that "each merchant shall carefully make a record of his vote on Friday night of each week, sending a duplicate of same to The Daily Sun on Saturday before noon of each week, over his own signature," etc.

The Sun office has been obliged to make several trips each week to many voting places to get the returns, and hereafter no votes will be counted unless returned as stipulated in the rules.

The total vote as received is as follows:

Kirby Smith Chapter	168,257
Odd Fellows' Home	112,459
Earnest Workers	42,787
Union Academy	7,589
High School	5,694

PACKERS HEAVILY FINED.

Guilty of Conspiracy in Accepting Railroad Rebates.

Chicago, Sept. 23.—Four officials of the Schwartzchild & Sulzberger Packing company, of Chicago, were fined an aggregate of $25,000 by Judge Humphrey in the United States district court here. The fines followed a plea of guilty to indictments charging conspiracy to accept railroad rebates. The defendants were Samuel E. Well, of New York, vice president of the company; B. S. Cussey, traffic manager; Vance D. Skipworth and Charles E. Todd, assistant traffic managers. Mr. Well was fined $10,000, the other three $5,000 each.

With the entering of the plea, the declaration was made that unless at least one of the cases is immediately settled, the life of Samuel Well, who is vice president of the company, and is one of the defendants, is in jeopardy. He is said to be a nervous wreck, and fears were entertained for his life if he had been allowed to continue under the strain of a trial.

The plea was entered, it is declared, after a complete understanding had been reached between counsel for the defendants and Attorney General William H. Moody.

While in Chicago, the attorney general was apprised of the condition of Vice president Well, and, it is said, agreed to the entry of a plea of guilty, with the understanding that the jail provision of the law under which the indictment was returned should be waived, and merely a fine imposed. The same concession was made in the case of the other three defendants.

Rawlings Given New Trial.

Valdosta, Ga., Sept. 22.—Since the stay of execution in order that their cases may be appealed to the supreme court, J. G. Rawlings and his sons, Milton, Leonard and Jesse, are in a better mood and talk freely of the case. The old man, while asserting his innocence, says he is convinced that Alf Moore and Mitch Johnson killed the Carter children and that Joe Bentley planned it. The younger boys, Leonard and Jesse, the latter condemned to die, are kept apart from their father and older brother. It is thought that Milton and Leonard will eventually tell something about the tragedy in an effort to clear Jesse, and that they will affirm he did none of the shooting.

Suicided While Family Were Eating.

Springfield, O., Sept. 22.—"Keep breakfast warm a little longer," shouted Newton Mays down stairs this morning, when called. A few minutes later, as the family sat at the table, a pistol shot was heard in the room above. Mays had killed himself. He was 61 years old, a bachelor and was quite wealthy.

DR. MILES' Anti-Pain Pills

Pain

Dr. Miles' Anti-Pain Pills
Cure Headache

Almost instantly, and leave no bad effects. They also relieve every other pain, Neuralgia, Rheumatic Pain, Sciatica, Backache, Stomach ache, Ague Pains, Pains from injury, Bearing-down pains, Indigestion, Dizziness, Nervousness and Sleeplessness.

Pills

All Pain is Nerve Pain

Pain is sure to follow any strain or weakening influence upon the nerves. It may be caused by over-exertion, heat, intense mental effort, colds, indigestion, or any cause that depresses, excites or agitates the nerves. So sensitive are they that the least pressure or strain causes suffering. By soothing, strengthening and quieting the nerves, Dr. Miles' Anti-Pain Pills relieve the pain.

They are sold by druggists, 25c a box, under a guarantee that the first box will benefit, or money refunded. Never sold in bulk.

If Rockefeller gets control of the sulphur trust and raises the price of brimstone, he may make it easy for some people after all.

There are officers in the army, says Gen. Corbin, who are not mindful of their financial obligations. You will find a few of the same sort in private life.

The United Confederate Veterans will meet in Zolfo on Wednesday, October 4th, and they will have a warm welcome from the citizens of that place.

Judge Pendleton of the superior court has decided that Atlanta is still in Georgia, and not vice versa, as the city board of health tried to make them believe.

The new Russian parliament, to be controlled by the peasantry, will make it all the more easy for the Czar to control the parliament. It is all the same in Russia.

Col Brady, who is making a desperate effort to have Isaiah E. Cooper pardoned, says he does not believe he killed Bowman. The evidence that he did the deed seems somewhat flimsy.

Bradentown, judging from The Herald, is infested with "knockers." The only ones we have in Gainesville are those who are hammering on new buildings and repairing old ones—a very good use for the hammer brigade.

The premium lists of the Florida State Fair are being distributed in this county and they show up some excellent prizes to exhibitors. We hope to see this county well represented, and every county in the State should try and get there.

The Tampa people are great for injunctions. Whenever the law business is dull, a lawyer gets out an injunction restraining people from minding their own business. And if the parties are responsible it is generally a chance for about four lawyers to pay expenses.

Col. T. J. L. Brown has resigned the presidency of the State Fair at Tampa. He was turned down rather coolly in his efforts to secure another lease of the Tampa Bay Hotel and said he would be obliged to quit and go to New York. David Lauber of St. Louis and W. F. Stovall, editor of The Tampa Tribune were the lucky bidders for the hotel. They pay $25,000 for five years. Brown's offer was considered by many as the best.

The Industrial Edition of The Sun will be the only attractive advertisement of Alachua county placed before the people this season, as the facts and figures published will contain strictly reliable information. There is no necessity for exaggeration in regard to the advantages of Alachua county. There cannot be anything gained by enlarging on what nature has done to make Gainesville a most desirable place of residence. The advantages are here and it now remains for man to improve them. Whatever is said for our city and county in the Industrial Edition of The Sun will have the documents behind the assertions to prove their truth.

JAPAN AND HER WAR.

The conclusion that the brilliant victories on land and sea by Japan in the late war were made fruitless by the peace treaty that terminated the war, is the result of shallow thinking or none at all on the part of some. Japan did not go to war to make her enemy pay the cost nor to acquire territory or secure any other mercenary reward or advantage. All she went to war for she secured, and more. She appealed to the sword in the name of national preservation and integrity. She attacked a gigantic foe whose insidious advances were intended to and ultimately would have banished her from the family of nations. Those advances were checked and that fate averted, and not temporarily but permanently.

From an unknown national quantity Japan has revealed a power, moral as well as physical, that will secure for her the respect of all nations and freedom from the domineering spirit that the "world powers" had come to think they could indulge in all things pertaining to the Orient. In this respect alone Japan achieved a decisive and far-reaching result that but few wars of history can truthfully boast of. She has not only made herself immune to the "monkeying" of the self-styled "superior powers," but has awakened China from her stupor of the ages, and with a result not difficult to imagine. She has jolted the spirit of national aggression and made it a much less popular fashion than it has been for many years. In short, it now seems certain that the Russia-Japan war will be regarded hereafter as an epoch with scarcely a parallel, and out of it Japan came with all the laurels and material advantages.

TEACHERS SCARCE.

The scarcity of school teachers is what might be expected. The young ladies and gentlemen who study for years to fit themselves to teach a primary school, and become proficient, are getting exceedingly weary of devoting their time to a profession that has mighty little glory and poor pay. With half the effort they take up bookkeeping and stenography, become moderately proficient, starting out to draw a salary of $50 a month, with a chance of a raise as they progress, while they teach in a primary school for $30 to $35 a month, and spend a fourth of their year's salary to keep posted in the new methods of teaching that bob up every year.

Besides all this, the examinations are simply fierce, and how can you expect a young lady of 18 or 20 years to know as much as a Philadelphia lawyer for $25 or $30 a month for seven or eight months in a year and board themselves?

Raise the salary of teachers so they will have a chance to get back a portion of the money they have paid out during the eight or ten years they have been fitting themselves for their work, have a list of questions for examinations that apply to schools and teaching, and not to matters that will never come before the ablest lawyers and judges of the land in the affairs of this country, and you will have all the teachers you want for the country schools.

FAIR AT DEFUNIAK SPRINGS.

From a catalogue and premium list received at this office, we are authoritatively informed that the Gulf Coast Fair and Agricultural Exposition will be held at DeFuniak Springs, November 1st to 4th inclusive. The premium list proves to all that they are in earnest and have offered some good prizes.

The DeFuniak Fair will be an exhibition of interest to all farmers and fine stock breeders of Florida, as it will be more of an exhibition of that character than a vaudeville performance. Such fairs are for the education of the farmers of the State, where they can meet and compare notes, also learn what will be the most profitable crops and stock for their respective localities.

The premiums offered for horses, cattle, sheep and hogs, as well as other farm stock, are very liberal and should be an incentive to farmers to enter the competition with the best they can produce. The farmer in Florida will always be the leading spirit in the advancement of our welfare, and the best of everything should be produced by him.

The poultry business, when successfully conducted, should be a paying industry, and this line will receive much attention at the Fair. The premiums in all departments are good, and those who have not received one should address R. W. Storrs, Secretary, DeFuniak Springs, Fla.

THE MATURED FAMILY.

In these days when women do not seek to marry, and when men find single blessedness most desirable, says an exchange, the question of how to preserve harmony in the matured family is important. It is a far easier matter to preserve happiness in a growing family which is elastic and buoyant and busy with its own diversions. But with maturity and age each character hardens, the personal tastes and opinions become fixed, and toleration for others is often lacking because each member of the family feels without admitting it that the very existence of the other members limits his or her possibilities. Not only do the members feel this, but it is actually true. As a case in point, one most attractive woman literally and unconsciously lost touch with her friends by surrendering herself to her family. Those who found her most congenial could not find her sisters so, and while year after year, she struggled to retain her friends as well as her family, she could not fail to see the breach widening, when, if she had chosen to live apart from her family, the success she so well deserved would have surely been hers. Her less charming sisters dragged her down, depriving her of the happiness of companionship they could not enjoy.

CAUSE AND EFFECT.

During the past 25 or 30 years hundreds of fortunes have been accumulated in this country, ranging from hundreds of millions of dollars each. Some of these fortunes are so immense and the incomes from them so large that their possessors give away from one to ten million dollars at a time, and with no more impression upon income or fortune than a gift of ten dollars would make upon the income of any one of a vast majority of our people.

A recent report made by the board of charities of New York City is a doleful wail about the increase of the number of persons in that city dependent upon charity. The percentage of increase of such persons to total population is said to be about three-fold in 30 years. These propositions constitute a gruesome and startling example of cause and effect. The real wealth of this country is but little if any more than $1,000 to each inhabitant, hence one person owning a single million pauperizes the equivalent of 1,000 other persons, for he owns the theoretical share in the total wealth of that many. Then contemplate the number that must be pauperized to give one man a fortune so large that out of its annual income $10,000,000 can be given away without missing them!

STATE FAIR NOTES.

One of the most attractive features of the coming State Fair at Tampa will be the horse races. There will be a ten-day race meet, and the largest purses ever given in Florida will be awarded the winners. The best horses in the South will be at the Fair, and quite a number of Florida horsemen will be represented.

The amusement attractions on The Range will also be the finest ever brought South.

The Fair work in every line is progressing rapidly, and the attendance will be immense.

The Main exhibit building, the largest building in Florida, is about completed, and the magnificent Woman's building will also be ready for use shortly, as will other buildings.

The stables, pens and other structures for exhibiting live stock will be the largest ever seen at a Southern State fair.

Many counties are now clamoring for space, and those that have not done so should apply at once.

COVER THE SUBJECTS,

The following concerning one of our former citizens, coming as it does from A. M. C. Russell, county superintendent of the Hernando schools, and who is also editor of The Southern Argus, may be considered a high tribute to the ability of State Superintendent Holloway:

"The Southern Argus acknowledges with pleasure the reception of a full set of questions recently submitted in the examination at Gainesville of applicants for State certificates. We have examined them carefully and find them to be perfectly fair and sufficiently covering the subjects. Superintendent Holloway is conducting his office in an able manner, compelling the praise of opponents as well as friends."

A Splendor That Cha...

Distinguishes the lady who indulges her taste for fine Jewelry purchased at SMITH'S from others that are merely dazzling. Our Jewelry is noted for its standard of artistic elegance, which never varies. Only the finest diamonds and gems are used, and all mountings are of 18 karat gold.

BIG INJUNCTION IS RESTRAINED

Papers Served On Mr. Powell Preventing His Management.

A BIG CORPORATION ROW

Attorney C. C. Thomas, Representing the Gainesville Furniture Company, Puts a Check on C. C. Powell—New Manager Appointed.

Quite a flurry of excitement was caused in the office of the clerk of the circuit court Friday afternoon, when C. C. Thomas, representing the Gainesville Furniture Company, a corporation, filed a bill of injunction against C. C. Powell, general manager of the company, restraining said Powell from the management of the business, upon the ground that W. R. Thomas had been appointed manager by the board of directors.

This action does not affect Mr. Powell's relation with the firm in the capacity of secretary and treasurer of the same, and a member of the board of directors.

There has been apparently some friction between the stockholders of the Gainesville Furniture Company for several weeks, which came to a head in this action. The company, which is incorporated with a capital stock of $50,000, with $10,000 paid in, was organized and began business in the fall of the past year, and it is admitted that under the management of Mr. Powell the business has paid a reasonable profit. It is one of the largest and most up-to-date furniture houses in the State and has always carried a superior line of goods in furniture and house furnishings.

The business will continue uninterrupted, J. K. Abrams having been put temporarily in charge of the business during Major Thomas' absence. Major Thomas, who has been spending the past few weeks with his family in North Carolina, is expected home in a day or two.

Attorneys Robert E. Davis and W. W. Hampton are representing the Powell interests.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

Industrial Edition of The Sun.

The Industrial Edition of The Sun, which is to be distributed at the State Fair in Tampa, should contain the card of every professional and business man in Alachua county. It will represent the county at the fair, and give a very complete account of the resources and opportunities offered here to settlers.

If you want an advertisement in the edition you should apply at once for space, at The Sun counting room.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

A HAPPY MARRIAGE.

N. J. Lewis of Newberry and Miss Alice Blanton United.

The parlors of the Magnolia Hotel was the scene of a pretty wedding at 11 o'clock Thursday morning, when N. J. Lewis of Newberry and Miss Alice, the accomplished daughter of Mr. and Mrs. S. L. Blanton, Forest Grove, took the sacred and solemn vow which bound them together as man and wife.

The ceremony was performed by Rev. F. M. Hartman of Paradise in the presence of a few friends.

The groom is one of the popular young men of the West End. He has been for the past two years a valued employe of the Cummer Lumber Company, and is held in high esteem by his employers. The bride numbers her friends only by her acquaintances. She is a young lady possessed of a most amiable disposition, and is greatly admired

Mr. and Mrs. Lewis left on the noon train over the Seaboard Air Line for Jacksonville and other points on the East Coast, and after a short honeymoon will make their home at Newberry.

The Sun, with other friends, extends hearty congratulations, with the hope that their married life will be one of unalloyed happiness.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W M. Johnson.

Scholars Enjoin Teacher.

Tampa, Fla., Sept. 22.—An unusual injunction suit brought by 109 pupils of Turkey Creek school, in this county, to prevent a teacher, Mrs. Lena B. Mathes, from Discharging the duties of her position, was filed here today. The children sue through the father of one of their number and allege that Mrs. Mathes is not of fit character to teach, attaching 18 affidavits as to the teacher's moral character. The county school board appointed Mrs. Mathes. County Superintendent Dickenson revoked her certificate, and the state school board over-ruled Mr. Dickenson, restoring her to her postion. The pupils who bring the suit are among those whose parents refuse to permit them to attend school while Mrs. Mathes is teacher.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. Sold by all druggists.

Oriental Line Resumes.

San Francisco, Sept. 22.—War between Russia and Japan having come to an end, the Kis En Sha, or Japanese steamship company, is to resume its regular mail, passenger and freight service between San Francisco and the Orient. It was officially announced that the service will be resumed on Sept. 25, when the steamship America will leave Kobe for this city, arriving here Oct. 17. On her eastern trip she will leave Oct. 27 for Hong Kong.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.

BALLARD'S SNOW LINIMENT

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

St. Augustine will entertain President Roosevelt on Sunday, October 21.

The A. C. L. Railway will erect a new depot at Pinemount, Suwannee county.

Rev. D. J. Blocker has been appointed dean of Stetson Hall at the Stetson University.

It is stated that Suwannee county will harvest only half a crop of cotton this year, compared with last year's yield.

The E. O. Painter Printing Company of DeLand has secured the contract to reprint the Supreme Court reports. There were five other bidders.

Judge Jones has been holding court for the first time at Fort Pierce this week. This will be the first session of circuit court held in the new county of St. Lucie.

Charles M. Shear of Jacksonville, who suicided at Montgomery, Ala., wrote his wife: "I am nearly in the sweet bye-and-bye." Before the letter reached his wife he was all in.

Three wooden business places were burned at Live Oak Tuesday. The stores were occupied by J[illegible] Joners, John Hoff and Tom Davis, the two last being black men. The first was insured, the latter partially.

James Chapelle, who attempted suicide at the Arno hotel in Tampa Saturday night, by slashing his wrist with a pocket knife, has recovered sufficient to be sent to his home in Alabama. He is mentally up against it.

State Veterinarian Dawson, who has been looking up the cause of so much sickness among horses in Miami, says it is a form of "staggers," caused by musty food. There are some horses around this city that look as though they hadn't ever been exposed to the "staggers" by any kind of food.

John T. Hammond, Orlando's wholesale grocer, has commenced a suit for $200,000 against the Wholesale Grocers' Association, in the United States court at Jacksonville. The defendants comprise 20 of the wholesale grocers of the state, who put a boycott on Hammond, who was unable to buy of the jobbers and wholesalers of the country.

News reached the city Tuesday night from Cotton Plant that John Brown, colored, in attempting to kill his wife shot and instantly killed his stepdaughter, who was the wife of Zenus Graham. The cause of the tragedy was not learned. Great excitement prevails among both the white and colored people of that community.—Ocala Banner.

In crossing a pond of water in the road on his way to Evinston, accompanied by his wife and baby, Claude Waters had a narrow escape from drowning. The horse went beyond his depth and commenced to swim. Mr Waters jumped to save the horse, and Mrs. Waters sprang out with the baby, and she and her child were rescued by Mr. Waters. They lost many articles out of the buggy.

Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

One Killed; Two Injured.

Charleston, W. Va., Sept. 22.—News has just reached here that local passenger train No. 25 on the Chesapeake & Ohio, was wrecked at Carkin. The express messenger was killed and the engineer and fireman were badly hurt. No details of the accident have yet been received.

Attacked by a Mob

and beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I keep it in my family," writes G. J. Welch of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

I. COCHRANE HUNT, President.

JUSTICE COLMAN'S COURT.

Dr. Davis Placed Under Bond for Appearance at Ciruuit Court.

There was an interesting session of Justice Colman's court Thursday morning, the arraignment of Dr. G. N. Davis upon a charge of obtaining money under false pretense, made by Mrs. W. D. Smith, having come up.

The little court-room was crowded, as it was a case which had been thoroughly advertised, and the result was a great many curious spectators were there.

The specifications of this charge have already been published. The amount involved was $25, which the plaintiff stated on the stand she gave to the defendant in some land deal.

Four witnesses testified, being the plaintiff, Mrs. W. D. Smith, her husband, and the defendant and Attorney G. H. Scofield, who also represented the defendant.

Justice Colman placed the defendant under a bond of $105 for his appearance at the fall term of the circuit court, which was promptly given, and he was released.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

German Emigrants Quarantined.

New York, Sept. 22.—Having been passengers on three different steamers to which they were successively transferred, 1,022 persons arrived here in the steamship Graf Walderze, these passengers were the first party of emigrants to be subjected to the Cholera quarantine, which was recently applied to steerage passengers, leaving Hamburg, and the enforcement of these precautions caused their numerous passengers to be transferred. They embarked originally at Hamburg on the steamer, Molke, but disembarked at Cuxhaven, where they went aboard the steamer Bulgaria, and were detained on that ship for eight days. Finally, the Bulgaria transferred them to the Grafvorzee.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

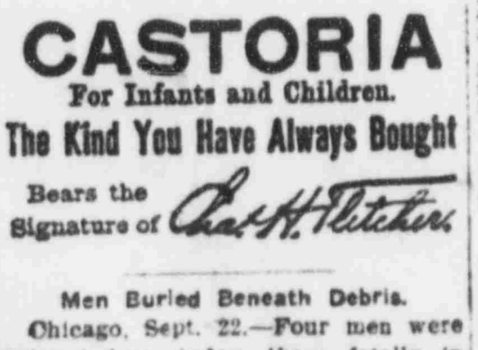
Bears the Signature of Chas. H. Fletcher.

Men Buried Beneath Debris.

Chicago, Sept. 22.—Four men were injured here today, three fatally in the old county court house, which is being torn down to make place for a new structure. The flooring in the center corridor of the fourth floor of the old county building gave way, burying the men in the debris. The injured men were taken out alive and removed to a hospital.

A Remedy Without a Peer.

"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Klote of Edna, Mo. For any disorder of the stomach, biliousness or constipation, these tablets are without a peer. For sale by all druggists.



SELL WITHOUT FORCE

Because they are the best in the land for the money! Ask you dealer for the "Sunny Jim" Shoe and insist on getting it.

STEAMERS COLLIDE IN FOG.

One of Them Reaches Port, But the Other's Fate is Unknown.

New York, Sept. 22.—Captain Lewis, of the steamer Cornwall, which arrived here today damaged by a collison during a dense fog, near Montauk Point last night, reported that he believed he had been in collision with a large Atlantic liner.

Captain Lewis said that the steamer with which his vessel collided immediately drew away out of sight in the fog and that she was not sighted again by his ship. He could not make out the name of the vessel, but thinks she must have suffered some damage.

The Cornwall, whose engines were stopped at the time of the accident, was struck on the bow and badly damaged. The Cornwall is a British freight steamer from Shields.

Cured of Lame Back After 15 Years of Suffering.

"I had been troubled with lame back for fifteen years and found complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gillam, Ind. This liniment is also without an equal for sprains and bruises. It is for sale by all druggists.

Justice J. A. Tucker of Rochelle was among those who visited Gainesville yesterday. Friends of Captain Tucker will regret to learn that he is not in the best of health.

READ THIS.

DYERSBURG, TENN., June 1, 1901.

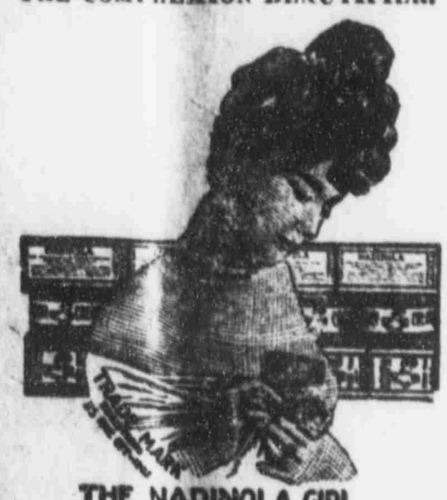
This is to certify that I have used one bottle of the Texas Wonder, Hall's Great Discovery, and have been greatly benefited, and can cheerfully recommend it to the public.

C. H. OLSTON.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 320, St. Louis, Mo.

TO REMOVE
FRECKLES AND PIMPLES
in 10 Days, use
NADINOLA
THE COMPLEXION BEAUTIFIER.



THE NADINOLA GIRL

(Formerly advertised and sold as
. . . SATINOLA . . .
No change in formula or package. The name only has been changed).

A few applications will remove tan or sallowness, and restore the beauty of youth.

NADINOLA is a new discovery, guaranteed and money will be refunded in every case where it fails to remove freckles, pimples, liver-spots, collar discolorations, black-heads, disfiguring eruptions, etc., in 20 days. After these defects are removed the skin will be soft, clear and healthy.

Sold in each city by all leading druggists, or by mail. Price 50 cents and $1.00.

PREPARED ONLY BY
National Toilet Co., Paris, Tenn.
Sold in Gainesville by J. S. Bodiford & Co. and J. W. McCollum & Co.

Get your job printing at The Sun job office and you can vote for your favorite in the library contest.

The Sun job office makes it a point to turn out your job printing with neatness and dispatch at reasonable prices.

Clean Rags Wanted—We will pay 3c per pound for clean cotton rags, not cuttings. Pepper Publishing and Printing Co.

For Sale—Two round-trip tickets to New York. If you want one or both call at or write The Sun office, Gainesville, Fla.

J. H. Cason of Santa Fe, one of the trustees of the Santa Fe school, was in the city yesterday on business connected with the school board.

C. N. Sutton of Paradise and W. F. Sheppard of Warren's Cave were in the city yesterday. Both gentlemen made The Sun an agreeable call.

A. F. Torlay of Melrose was in the city yesterday. He brought to market a number of fine chickens, which were disposed of readily at fair prices.

D. G. Edwards, the liveryman, is happy over the arrival of a couple of thoroughbred horses which he recently received from Kentucky. The animals are as fine as ever seen in this section, and lovers of horses are admiring them.

Those desiring the very best in the way of engraved visiting cards, business stationery, or wedding invitations, are invited to call at The Sun office and examine samples. We are agents for the best house in the country for this line of work.

George Taylor of Palmer, superintendent of the Gainesville Peach Orchard Company, was in the city yesterday. Mr. Taylor is a fancier of poultry and proposes to send to the State Fair a collection of chickens which will be admired by all who see them.

J. A. Phifer of the firm of Phifer Bros., New York Racket, has returned from New York, where he went to purchase goods for the fall and winter trade. Mr. Phifer states that he bought a large and up-to-date line, which is expected in a few days.

Tapley Tillis of Greer is in the city, a guest of his daughter, Mrs. Moses Malphurs. Mr. Tillis formerly resided in Gainesville, and has many friends in this section. He has not visited this city for four years, and expressed surprise at its rapid growth.

Mrs. H. T. Chesnut and daughter, Miss Ellen, of Kanapaha, who have been visiting at Saluda, N. C., for the summer, are now at Charleston, and expect to arrive home Tuesday. They have enjoyed a most beneficial outing at Saluda, and friends will be glad to welcome them home again.

Prof. M. H. DeLand of Wade, principal of Struble school, made a brief visit to this city yesterday. Prof. DeLand states that the prospects for a successful term of the school are good. The term opened with a fair attendance, and the patrons are manifesting considerable interest in school matters. He is ably assisted by Miss Lola May, one of the most popular and efficient young lady teachers in the county who [illegible]

POWELL SELLS INTEREST.

Will be No Longer Connected With the Gainesville Furniture Co.

C. C. Powell, secretary-treasurer and manager of the Gainesville Furniture Company, upon whom an injunction was served Friday restraining him from further management of the business of said concern, voluntarily relinquished said management, also his official position, and has disposed of his interest in the company to other members of the firm. The adjustment of affairs was a perfectly amicable one.

C. C. Powell, who expects to engage in business elsewhere, will sever his connection, but D. D. Powell will remain with the firm. The business of the firm will in future be under the management of Jas. K. Abrams.

WILL BE MARRIED TODAY.

Two Well Known People Will be Joined Together This Evening.

From Sunday's Daily Sun.

At the Second Advent Christian Church this evening George Perry and Miss Emma McMillan will be united in the holy bonds of matrimony, Elder Joseph Sherouse of Jacksonville officiating.

The contracting parties are well known and have many friends in this city who extend congratulations in advance.

Mr. and Mrs. Perry will begin housekeeping at once in the home recently erected by the bride, North Grove street, where they will be glad to welcome their friends.

THE YELLOW FEVER.

Six New Cases at Pensacola—New Orleans is Slowly Gaining.

Pensacola, Sept. 23.—There were six new cases reported this morning and the disease is spreading. No deaths. Mayor Bliss says he will prosecute those who keep the disease hidden.

At New Orleans.

New Orleans, Sept. 23.—From 6 p. m. yesterday until noon today, 12 new cases and one death were reported. Total cases to date, 2,774. Total deaths, 360.

Ladies Endorse the Change.

One of the boldest and most business-like changes known to the modern advertising and business circles is that recently made by the National Toilet Company of Paris, Tennessee.

It appears that there were one or two articles on the market with names so much like Satinola as to be liable to cause confusion in the minds of purchasers. Satinola has won a national reputation as a remover of freckles, pimples, etc., and as a complexion beautifier, therefore its sterling manufacturers knew that they could not take any chances on the confusion, and at one bold stroke retired the word Satinola, for Nadinola.

That the new name "Nadinola" will soon become popular, and a favorite beautifier with the ladies, is evidenced by the numerous endorsements from grateful women in nearly every State in the Union, who have tested the virtue of this valuable preparation.

Grampus is Harmless.

Editor Sun: Would like to say in reference to the High Springs "grampus" story that the insect referred to is entirely harmless, although it has a rather formidable Latin name: Thelyphonus giganteus, otherwise whiplashed scorpion. Mr. Howard, chief of the Bureau of Entomology at Washington, gave me the above information, in reply to my letter about a similar insect now in my possession.

Yours truly,
Melrose, Sept. 23. H. VON NOSKEY.

Death of Mr. Pellett.

J. D. Pellett, aged seventy-four, died at his home three miles west of the city Saturday. Deceased was a native of Pennsylvania, having been born and reared in Scranton. He came to this State in 1875, and for a greater part of the time has resided in Alachua county. He is survived by four sons, to whom the sympathy of the community is extended.

Election at Evinston.

An election has been called to be held in the Evinston Sub-School District on Tuesday, September 26th, 1905, for the purpose of electing trustees and of determining the rate of millage to be assessed in that district. See advertisement elsewhere in this issue.

Judge Horatio Davis is at home again, after spending a few weeks delightfully among friends at his old home, Chatham, Va. The Judge was absent [illegible]

DEAL CLOSED FOR SUCCESS ICE PLANT

It Was Purchased by H. F. Watts. Will Install New Machinery.

IT WILL BE A MODERN PLANT

A Ten-Ton Can Plant Will Take the Place of the Experiment Which Has Caused More Than One Man to Pull His Hair—Will Soon be Ready.

Announcement was made a few days ago of a rumor that H. F. Watts had purchased the building, plant, etc., of the Success Ice Company, located on West Main street S., at the junction of the Seaboard and Atlantic Coast Line railways. This rumor was confirmed Saturday by Mr. Watts, who has been figuring on the purchase for some time. The papers were properly signed and transferred Friday, and Mr. Watts is now in possession of the property.

As is well known, the Success Ice Company proved anything but the name it suggests. The plant, being of a peculiar type, proved nothing but a continued round of experiments, having passed into several hands within the three years of its existence. Mr. Watts, however, proposes to install a new ten-ton can plant in place of the compressed machine which has been used, and expects within from thirty days to six weeks to have the plant in first-class running order. Extensive improvements and alterations will be made in the building and the Gainesville Ice Company, which will be the style of the new concern, will own and operate one of the most up-to-date ice manufacturing plants in the State.

An Enjoyable Affair.

Upon the occasion of the return of Mrs. S. B. Rogers and children from Tallahassee, where they have been visiting relatives for the past few weeks, the congregation and friends of the First Baptist Church, of which Mr. Rogers is pastor, assembled at the parsonage Friday evening. Every visitor brought a token of remembrance in the form of something nice to eat, with the result that the pantry was well supplied with an abundance of good things in that line. The evening was passed in a most enjoyable manner, and all who attended report a most delightful time.

Attention, Subscribers.

Subscribers to The Twice-a-Week Sun need not wait until they come to the city to pay their subscription, as they can send same through the mail or make settlement with the postmaster. The date to which your subscription is paid is printed opposite your name, and we would appreciate prompt renewal, as our own bills have to be paid weekly.

Lloyd's New House.

Among the numerous cosy houses erected in this city recently is that of Owen Lloyd, which is located at 606 S. University street. This cottage contains seven rooms, and is one of the neatest and most conveniently arranged in that section of the city.

It has been decided that we are entitled to permit the casting of 200 votes in the free library contest for each yearly subscription paid for prior to October 15th, 1905. Subscribers who have paid for the paper since June 15th are entitled to vote. Coupons can be obtained at this office.

The Twice-a-Week Sun being entitled to permit the casting of 200 votes in the free library contest for each yearly subscription paid for, the ladies of Kirby Smith Chapter, U. D. C., take this method of notifying those who pay their subscriptions prior to 7 o'clock p. m. of October 14th, 1905, or who have paid since June 14th, 1905, that the Chapter will greatly appreciate their support. Should the Chapter win the library the reference books will be given to the Gainesville High School, where they are badly needed, and the others to the Hospital Association. Simply write the editor of The Sun to permit Mrs. J. F. McKinstry, Jr., to cast your vote, and the ladies will greatly appreciate same.

O. H. Smith, a Pensacola druggist, was badly burned by the explosion of a bottle of alcohol in his hands. He had placed some sulphur in a pan for fumigation and during a brief absence the office boy lighted the sulphur. On his return Smith [illegible]
